

- 3.
- account number is 0151-455-3.
- a wonderful photograph of the "effervently modern" Prince Hans Adam of Liechtenstein. In the Xerox copy, he looks like Bob Scully.
  - Thank you for the Capote obituary from the 9/3/84 issue (p.86) of Time magazine. Also you own a copy of "A Christmas Memory" — a record in which Capote reads his text. I'm sure you once played it for me.
  - Louie Anderson's Andersons are not our Andersons. Her John Anderson was born in 1794 and died in 1889. Our John Anderson is one generation older — his oldest son (William) was born in 1799 (see PN, p.1877). Our John Anderson married Margaret Watt. Louise's mother Catherine Horner and Eleanor Coddington. There is a chance that Louise Anderson's John Anderson is the third child of Rev. John Anderson (see PN, p.1877). My guess is that only Martha, May and Christina Anderson (see PN, p.998) came to this country. Their brother John, and all of his line, probably stayed in Scotland. Curiously, very curiously, Louise Anderson's John Anderson is buried in Eekdale Cemetery — not a great distance from our ancestors. I do not think that I would make enlarged copy prints of Louise Anderson's photograph.
  - Yes, I will send you at least two Carbondale commemorative plates. I will send them along in a day or two.
  - VCV's letter to you of 9/8/84 is very precious. Just imagine, VCV is writing to OUP and saying — "I still hope for your happiness..." Her opening sentence, and also her closing one, are truly extraordinary. When she says — "I hope for a nice fall" does she mean — "I hope for a nice fall" or "Let's hope for a nice fall" or "[you] hope for a nice fall."
  - From the looks of things I would say that you probably have a complete photo caption for the SR 78/Clinton 153, that is, provided the Kille/Bessette/Shaffer/Zellbrecht crowd have come through and identified themselves.
  - the G. Fay letter of 9/6/84 is also extraordinary. Shall we plan on attending the White's Valley 10/6/84 turkey dinner?

4.

Do you recall our Friday morning trip to Forest City to deliver those papers to Peggy Brager on 284 Hudson Street? We did so before lunch at the Homestead. Check your copy of the Carbondale News of 9-5-84 — p.6. No Frank Brager who married Sandra Hazen is her son. In addition, her (Peggy Brager) son's wife, Sandra Hazen, is related to us. She is the daughter of Jamie (Lowery) Hazen — see p.1805 of PN, # 2(b)(i). The "Miss Hazen engaged to Mr. Williams" (same page of 9-5-84 issue of the News) Miss Hazen is the sister of Sandra Hazen. That being the case, I shall jot off a note to Peggy Brager and tell her that her son Frank's wife's mother's maternal grandfather's father (John Russell — p.1803) and my/our mother's paternal grandfather (James Russell) were brothers. Won't she be pleased! — especially so, given her recent passion for local history and genealogy. The fact that I recognized and remembered the name strikes me as extraordinary. Surely my letter to Peggy Brager will be of the genre of EPI's immortal — "Louise dear, this is your great grandmother's presence jar..."

I am now a registered substitute teacher at Carbondale Area High School, Forest City Regional School, Lakeland High School, Mountain View High School and Squeebanna Community High School. Before too long, the calls should start coming fast & furious. I am very excited about this new adventure in my life. Curiously — you have stopped teaching this September and I have begun teaching this September.

In closing, allow me to quote from my Peg Winter Calendar for 09-15-1984: "Life is short, art long, occasion passing, experience dangerous, judgment difficult." — Hippocrates  
Aphorism I, 1

Regards — SRP
